RE: Addendum #1 - RFP MF051115

The following questions and answers are clarifications to this bid and should be considered an integral part of the bid.

1. Will the University extend the due date to June 25, 2015?
   There is a tight timeline for this project, so we would like to keep the original due date in place if possible.

2. Is it the expectation that the vendor will install, manage, and maintain the Kuali Financial System software? Or will the University provide any or all of these functions?
   Vendor will manage a turnkey solution at their remote site, with application, database, and relevant configuration files provided by UConn using a regularly updated repository (example: SFTP site). Vendor is responsible for configuration of application and database.

3. Will the University perform all database creation, design, maintenance, and management function?
   Yes, outside of database manipulation that may be needed for the application to be operational in the vendor's hosted DR site during exercises or a true DR event.

4. Does on-going management refer to management and or monitoring of the DR environment up to and including: the server, each VM server, the OS of each VM? 
   Yes. Vendor should ensure that the remote DR environment is available to successfully activate on UConn's official request during DR tests or an actual event.

5. Will the vendor need to manage, monitor, and maintain the Oracle Database and the Kuali Financial System applications?
   Vendor will need to manage and monitor the environment(s) working with UConn's technical support teams during scheduled DR tests or a true DR event.

6. Does the Kuali Financial System require a 2x4 VM with 85GB of hard drive space?
   See the RFP for VM hardware requirements.

7. Does the Oracle Database System also require a 2x4 VM? Or would a 12x32 be acceptable due to the transactional nature of databases?
   See RFP for VM hardware requirements.

8. Is the University going to provide the DR playbook to the vendor?
   Vendor will create a shared DR playbook for their activation and import process working together with UConn who will contribute the process on our side.
9. **Will the DR site have an Active or Passive relationship to Storrs?**
   It's expected that the solution would be a passive cold site.

10. **What is the Universities expected RPO/RTO for the DR location?**
    Vendors should provide RTO/RPO estimations for discussion based on the proposed DR solution.

11. **Currently, the University is using what type of storage platform for the Kuali Financial System software?**
    Multi-tiered IBM SAN.

12. **How much data is stored in the Storrs application?**
    275GB

13. **In the event of a disaster, will the University turn up the application at the DR location or is the expectation they will ask the vendor to turn up the environment?**
    Vendor will turn up the environment at UConn's official request. UConn is looking for a "turn key" solution to be provided by the vendor.

14. **Will the University lead the ongoing quarterly testing? To what level of involvement will the vendor have during the testing?**
    Quarterly testing will be set on an agreed upon schedule by vendor and UConn. Vendor will be fully engaged and available during all quarterly tests. UConn will initiate the official request for DR and coordinate testing activities locally.

15. **Is the vendor to provide vulnerability/penetration/risk assessments of the entire environment?**
    Yes. Providing a secure remote environment (outside of the hosted applications) is the responsibility of the vendor. This can be in the form of SAS compliance audit documentation.

16. **Will connectivity to the DR environment occur through an Internet or MPLS (VPN) connection? If Internet, will the University prefer to use an IPSec tunnel between firewalls? Or prefer another method?**
    Connectivity solution to be proposed by vendor based on best practices for their organization's environment for both connectivity and data transfer.

17. **What additional files and other tools would the vendor be expected to possibly supply?**
    VPN client (if required by vendor)

18. **Would you consider a proposal just for hosting the DR services?**
    UConn is looking for a full "turn key" solution to be provided by this RFP.

19. **Would you consider a public cloud solution as the target DR site?**
    Yes, if it is a secured multi-tenant environment.

20. **Who owns your DR program?**
    This DR effort is being lead by the Office of the Controller.

21. **Do you have a DR Environment today?**
    Yes. A cloud-based DR remote site that is available upon request.

Stat. §10a-151b and all other relevant laws, is soliciting proposals from experienced and qualified firms to provide Disaster Recovery Hosting Services that meets the characteristics and functionality outlined herein. The successful firm will demonstrate expertise in providing Disaster Recovery Hosting Services for research universities or educational institutions whose requirements were similar to those described herein.

The contract award will be made to the Proposer whose proposal is determined by the University to be the most advantageous to the University, in accordance with the criteria set forth in the Request for Proposal, including price and evaluation factors. It should be noted that any contract resulting from this Request for Proposal will not be an "exclusive" contract. The University will reserve the right to place purchase orders in any manner deemed to be in the best interest of the University. The University reserves the right to make single, multiple or no award in the best interest of the University.

1.1 Definitions:

1.1.1 The term "Addenda" means written or graphic instructions issued by the University of Connecticut subsequent to the receipt of proposals that modify or interpret the Request for Proposal documents by addition, deletions, clarification, or corrections.

1.1.2 The terms "Offer" or “Proposal” means the Offeror(s) response to this Request for Proposal.

1.1.3 The terms "Bidder", “Contractor”, “Proposer”, “Offeror”, “Vendor”, or “Respondent” refer to a company responding to this Request for Proposal.

1.1.4 The term "University" or “UConn” or a pronoun used in its place shall mean the University of Connecticut main campus at Storrs, Connecticut, as well as the campuses, schools and health center as described in 2.0 Demographics.

1.1.5 The term “Request for Proposal” (RFP) is defined as a competitive procurement process which helps to serve the University’s best interests. It also provides vendors with a fair opportunity for their services to be considered. The RFP process being used in this case should not be confused with the Request for Quotation (RFQ) process. The latter process is usually used where the goods or services being procured can be described precisely and price is generally the determining factor. With RFP’s however, price alone is not required to be the determinative factor, although it may be, and the University has the flexibility it needs to negotiate with vendors to arrive at a mutually agreeable relationship. This RFP states the instructions for submitting proposals, the procedure and criteria by which a vendor will be selected, and the contractual terms by which the University proposes to govern the relationship between it and the selected vendor.

1.1.6 The term “Kuali Systems” includes the Kuali Financial System (“KFS”), and Kuali RICE (“RICE”)

1.1.7 The term “KFS” refers to the Kuali Financial System launched by the University on July 1, 2012. The University implemented the General Ledger, Labor Distribution, Purchasing/Accounts Payable, Capital Assets, Accounts Receivable, and Payment (PDP) modules. There are ~1500 faculty and staff members utilizing KFS and to date over 1.2 million e-docs and 10 million transactions have been created in the system.
1.1.8 The term “RICE” refers to the Kuali RICE middleware software component. RICE contains the security, workflow, notification, and service bus components that are utilized by all Kuali Systems.

1.1.9 The term “Disaster Recovery” refers to a vendor hosted solution to provide availability to a copied instance of UConn’s KFS, RICE, and Bottomline applications in the event a state of disaster is declared by the University.

1.2 Professional Time and Expense Policy:

The University will not pay the vendor for travel time or any out-of-pocket expenses incurred by the vendor’s employees between place of residence and place of work. In certain circumstances the University may provide lodging and a meal allowance. Reimbursement of any travel expenses must be authorized beforehand, in writing by the University and comply with policies found at UConn Travel Services. The University will not reimburse the vendor for any other miscellaneous out-of-pocket expenses incurred by the tech transfer professionals.

5.0 Contract Status: The response to this RFP will be considered an offer to contract. Final negotiations on the highest evaluated offer will be conducted to resolve any differences and informalities. After final
negotiations, the University in accordance with paragraph 4.1 below will issue an acceptance of the proposal offer.

5.1 **Contract Format and Commencement:** The resulting contract will be the product of negotiations and will be the entire agreement between the University and the Proposer, superseding and rescinding all prior agreements relating to the subject matter thereof. The contract to be awarded is subject to contract compliance requirements mandated by Sections 4a-60 and 4a-60a of the Connecticut General Statutes; and, when the awarding agency is the State, Sections 46a-71(d) and 46a-81i(d) of the Connecticut General Statutes. There are Contract Compliance Regulations codified at Section 46a-68j-21 through 43 of the Regulations of Connecticut State Agencies, which establish a procedure for awarding all contracts covered by Sections 4a-60 and 46a-71(d) of the Connecticut General Statutes.

According to Section 46a-68j-30(9) of the Contract Compliance Regulations, every agency awarding a contract subject to the contract compliance requirements has an obligation to “aggressively solicit the participation of legitimate minority business enterprises as bidders, contractors, subcontractors and suppliers of materials.” “Minority business enterprise” is defined in Section 4a-60 of the Connecticut General Statutes as a business wherein fifty-one percent or more of the capital stock, or assets belong to a person or persons: “(1) Who are active in daily affairs of the enterprise; (2) who have the power to direct the management and policies of the enterprise; and (3) who are members of a minority, as such term is defined in subsection (a) of Section 32-9n.” “Minority” groups are defined in Section 32-9n of the Connecticut General Statutes as “(1) Black Americans . . . The above definitions apply to the contract compliance requirements by virtue of Section 46a-68j-21(11) of the Contract Compliance Regulations.

The awarding agency will consider the following factors when reviewing the bidder’s qualifications under the contract compliance requirements:

(a) the bidder’s success in implementing an affirmative action plan;
(b) the bidder’s success in developing an apprenticeship program complying with Sections 46a-68-1 to 46a-68-17 of the Administrative Regulations of Connecticut State Agencies, inclusive;
(c) the bidder’s promise to develop and implement a successful affirmative action plan;
(d) the bidder’s submission of employment statistics contained in the “Employment Information Form”, indicating that the composition of its workforce is at or near parity when compared to the racial and sexual composition of the workforce in the relevant labor market area; and
(e) the bidder’s promise to set aside a portion of the contract for legitimate minority business enterprises. See Section 46a-68j-30(10)(E) of the Contract Compliance Regulations.

INSTRUCTIONS TO BIDDERS

1. All bids must be submitted on and in accordance with this form. If more space is required to furnish a description of the commodities and/or services offered or delivery terms, the bidder may attach a letter hereto which will be made part of the bid.

2. Bids and amendments thereto, or withdrawal of bids submitted, if received by the University after the date and time specified for the bid opening, will not be considered.

3. Prices should be stated in units of quantity specified, with packing and delivery to destination included.

4. The time of proposed delivery must be stated in definite terms. If time of delivery for different commodities varies, the bidder shall so state.

5. Samples, when requested, must be furnished free of expense and if not destroyed, will, upon request, be returned at the bidder’s risk and expense.

6. Bids must show unit price, amount and grand total or bid may be rejected.

7. Unless qualified by the provision “NO SUBSTITUTE” the use of the name of a manufacturer, brand, make or catalog designation in specifying an item does not restrict bidders to the manufacturer, brand, make or catalog designation identification. This is used simply to indicate the character, quality and/or performance equivalence of the commodity desired, but the commodity on which proposals are submitted must be of the same character, quality and/or performance equivalence that it will serve the purpose for which it is to be used equally as well as that specified. In submitting a proposal on a commodity other than as specified, bidder shall furnish complete data and identification with respect to the alternate commodity he proposes to furnish. Consideration will be given to proposals submitted on alternate commodities to the extent that such action is deemed to serve best the interests of the State. If the bidder does not indicate that the commodity he proposes to furnish is other than specified, it will be construed to mean that the bidder proposes to furnish the exact commodity described.

8. In the event that you are unable to submit a proposal against this bid, we will appreciate your advising this office to that effect. Failure to submit proposals against three consecutive bids will result in your name being removed from the mailing list, unless a specific request is made in writing for the retention of your name on said list.

9. The contractor agrees and warrants that in the performance of this contract he will not discriminate or permit discrimination against any person or group of persons on the grounds of race, color, religion, national origin, sex, age, physical disability, including but not limited to blindness, or learning disability, unless it is shown by such contractor that such disability prevents performance of the work involved in any manner prohibited by the laws of the United States or of the State of Connecticut, and further agrees to provide the Commission on Human Rights and Opportunities with such information requested by the Commission concerning the employment practices and procedures of the contractor as related to the provisions of this contract.

10. This contract is subject to the provisions of Executive Order No. Three of Governor Thomas J. Meskill promulgated June 16, 1971 and, as such, this contract may be canceled, terminated or suspended by the State Labor Commissioner for violation of or noncompliance with said Executive Order No. Three, or any state or federal law concerning nondiscrimination, notwithstanding that the State Labor Commissioner is not a party to this contract. The parties to this contract, as part of the consideration hereof, agree that Executive Order No. Three is incorporated herein by reference and made a part hereof. The parties agree to abide by said Executive Order and agree that the State Labor Commissioner Shall have continuing jurisdiction in respect to contract performance in regard to nondiscrimination, until the contract is completed or terminated prior to completion. The contractor agrees, as part consideration hereof, that this contract is subject to the Guidelines and Rules issued by the state labor commissioner to implement Executive Order No. Three, and that he will not discriminate in his employment practices or policies, will file all reports as required, and will fully cooperate with the State of Connecticut and the state labor commissioner.

11. This contract is subject to the provisions of Executive Order No. Seventeen of Governor Thomas J. Meskill promulgated February 15, 1973, and, as such, this contract may be canceled, terminated or suspended by the contracting agency of the State Labor Commissioner for violation of or noncompliance with said Executive Order No. Seventeen, notwithstanding that the State Labor Commissioner may not be a party to this contract. The parties to this contract, as part of the consideration hereof, agree that Executive Order No. Seventeen is incorporated herein by reference and made a part hereof. The parties agree to abide by said Executive Order and agree that the contracting agency and the State Labor Commissioner shall have a joint and several continuing jurisdiction in respect to contract performance in regard to listing all employment openings with the Connecticut State Employment Service.

12. The University of Connecticut is an equal opportunity employer.
PART XIII
AWARD AND CONTRACT

1. The University reserves the right to award by item, groups of items or total bid; to reject any and all bids in whole or in part, and to waive any informality or technical defects if, in its judgment, the best interests of the University will be served.

2. Cash discounts may be offered by bidder for prompt payment of bills, but such discount will not be taken into consideration in determining the low bidder but will be taken into consideration in awarding the bids. The discount period will be computed from the date delivery is accepted at destination or from date correct invoice is received by the consignee, whichever is the later date.

3. ACCEPTANCE OF A BID BY THE UNIVERSITY IS NOT AN ORDER TO SHIP.

4. Each bid is received with the understanding that the acceptance in writing by the University of the offer to furnish any or all of the commodities and/or services described therein, shall constitute a contract between the bidder and the University, which shall bind the bidder on his part to furnish and deliver the articles quoted on at the prices stated and in accordance with the conditions of said accepted bid; and the University on its part to order from such contractor, except for causes beyond reasonable control; and to pay for, at the agreed prices, all articles specified and delivered.

5. In event of default by the contractor, the University reserves the right to procure the commodities and/or services from other sources, and hold the contractor liable for any excess cost occasioned thereby. If, however, public necessity requires use of material or supplies not conforming to the specifications, they may be accepted and payment therefore shall be made at a proper reduction in price.

6. The contractor guarantees to save the University, its agents or employees, harmless from liability of any nature or kind, for use of any copyrighted or uncopied composition, secret process, patented or unpatented invention, articles or appliances furnished or used in the performance of the contract, of which the contractor is not the patentee, assignee or licensee.

7. It is understood and agreed that the contractor shall not be held liable for any failure or delays in the fulfillment of his contract arising from strikes, fires, or acts of God, or any other cause or causes beyond his reasonable control.

8. In the event there is a need for material bonding, performance bonding and/or insurance, the bidder will provide the bonding and/or insurance when requested and do this within fifteen (15) days after receipt of our notification of apparent low bidder, otherwise, the University reserves the right to go to the next qualified bidder who can comply.

In the event any person(s) seek to access protected and confidential data or information, whether in accordance with FERPA or other federal or relevant state law or regulations, that Contractor will promptly inform the University of such request in writing. Contractor shall only retrieve such data or information upon receipt of, and in accordance with, written directions by the University. Contractor shall not provide direct access to such data or information or respond to individual requests. All requests and all data or information retrieved by Contractor in response to such requests shall be provided to the University. It shall be the University’s sole responsibility to respond to requests for data or information received by Contractor regarding University data or information. Should Contractor receive a court order or lawfully issued subpoena seeking the release of such data or information, Contractor shall provide immediate notification to the University of its receipt of such court order or lawfully issued subpoena and shall promptly provide the University with a copy of such court order or lawfully issued subpoena prior to releasing the requested data or information.

2. PERSONALLY IDENTIFIABLE DATA NOT OTHERWISE COVERED BY FERPA.
   a.) CONFIDENTIAL DATA. The data available to Contractor in the course of providing technical support to or on behalf of the University shall be considered Confidential Information, unless the University indicates otherwise in writing. MEMORANDUM

To: Vendors Conducting Business with the State of Connecticut
From: M. Jodi Rell, Governor
Subject: State Ethics Policy
Date: September 28, 2004

As you are undoubtedly aware, state government is striving to improve how it conducts its business. The task force charged with analyzing the state contracting process recently recommended to me several areas which require improvement. I expect to implement a number of those recommendations. Your assistance is needed in order to facilitate change.

While the state ethics code does not prohibit gifts to state employees altogether—for example, the law permits employees to accept a gift in celebration of a major life event and up to $50 per calendar year in food and beverage—the intent of the code is clear. State employees should not just avoid impropriety, but even the mere appearance of impropriety, and should forego accepting gifts from those with whom the state does business.

I would also call your attention to section 1-84(m) of the Connecticut General Statutes, which prohibits state employees from accepting gifts from those who do business, or seek to do business, with the employee’s agency or department. Vendors and prospective vendors are also prohibited from knowingly giving gifts to state employees in violation of this section.

My request to you is this, no matter how well-intentioned or appreciative you may be of an employee’s assistance, I would ask that you refrain from offering a state employee a gift of any kind, including, but not limited to, meals and beverages. Offering a gift to an employee puts the employee in the rather uncomfortable position of having to decline the gift or ascertain its monetary value and consult with an attorney and/or the state Ethics Commission.

I expect—and indeed the residents of this state deserve—state government employees to adhere to the highest ethical standards, which may entail more stringent practices than even the ethics code provides. With your assistance, the state should be well on its way to restoring the public’s faith in state government.

I would appreciate it if you would communicate this message to your employees. Thank you for your cooperation and understanding.
